

THREE PATHS OUT OF COAL

Displaced coal workers adjusted in three ways.

The most coal-dependent workers

lose their jobs as coal declines after 2011

STAYED

Took work in other industries nearby

≈30% lower pay

RELOCATED

Moved to a different labor market

losses just as large

LEFT WORK

Drew on SSDI and savings

most common path

≈ 1.8 years of pay lost

≈ \$165,600 vs. similar workers, 2012-2019
